A 16th-Century Catalan Estate

Wedding & Events Venue Pack

The Estate

Ses Garites is one of the most extraordinary historic estates on the Costa Brava — a 16th-century Catalan masia set within the medieval walls of Pals, moments from the Mediterranean coast. With original stone vaulted ceilings, exposed wooden beams, and terracotta floors that have stood for over 500 years, the estate offers an unrivalled backdrop for intimate, unforgettable weddings.

The entire estate is available only as a whole — never shared, never divided. Your celebration, your home, your story.

Friday

Arrival & Welcome

Guests arrive and settle into their rooms. A welcome basket of local wines and Catalan produce awaits. The first evening is yours — aperitivo on the terrace, stargazing from the garden, the estate slowly becoming your own.

Saturday

The Celebration

Exchange vows beneath the stone vaults or in the garden. Cocktail hour in the library lounge. A long, candlelit dinner in the medieval dining hall. Music outside until 11 pm. This is the day you will never forget.

Sunday

The Morning After

Sunlight through stone windows. A slow breakfast with everyone still around the table. No rush to leave. The estate is yours all day — savour every last moment before the world begins again.

“““

The estate is so beautiful that you barely need any decoration. Our guests are still talking about it years later.
